

Morgan Park project trucking on

The Morgan Park Recreation and Community Centre rolled a step closer last week when the netball pavilion was moved from its former site to greener pastures.

Now sited in the middle of the Park near the newly resurfaced netball and tennis courts, the building will ultimately become a shared clubrooms for all sporting disciplines.

Sport 'n' Action Waihi Trust Chair Des Mulhern says the move had its challenging moments but all ended well.

"The building has settled down well on its

new foundations with only some minor damage to one wall, and we hope to have it ready for the netball, football and tennis clubs to use before the end of next month," he said.

An official opening of the building and the new netball and tennis courts is being organised by Sport 'n' Action Waihi. Full details will be advertised closer to the time.

Stage two of the project will include major additions to the building to allow it to be used by all sporting disciplines.

Help make our *Rocket Park* out of this world

Rocket on down to Waihi's Victoria park (aka Rocket Park) this Saturday 28 April from 11am to 1pm for a free sausage sizzle and a chance to chat with Waihi Councillors and Waihi Lion's Club members about our proposed park upgrade!

The Waihi Lion's Club has a long history of doing cool stuff at the park and we're very grateful for their generous offer to support this project as part of their centennial celebrations this year.

The Waihi Lion's Club built the rocket slide, pirate ship, skate bowl, and tunnel hill.

Hey, there's still time to talk...

Over the last little while we've been chatting with you about where we're heading over the next few years and how much it will cost.

We have some hard decisions to make and so far we've received some awesome feedback.

Thank you, kia ora rawa atu. It's been amazing, but it's not over yet...

You still have time to join the conversation at <https://weneedtotalk.hauraki-dc.govt.nz>

Or pop into one of our offices and pick up a copy of our 'We need to talk' booklet.

We need to receive your feedback by Monday 30 April.

Keen to present your views?

Contact us to book a time to speak on 16 May 2018 at the Council office in Paeroa.

You can also drop in to present your views on 16 May anytime between 3pm-4pm and 17 May any time between 9am -10am.

If you're a homeowner on a low income, we really need to chat...

We're concerned some of our ratepayers could be missing out on hundreds of dollars of savings on their rates bill per year because they haven't applied for a rates rebate. The maximum rebate this year is \$620.

To get at least some of the \$620, for someone paying an average amount of residential rates in Hauraki, your annual household income would need to be \$35,000 or less. If your rates are higher than average, then you could earn more than \$35,000 and still get a rebate. You're also allowed an extra \$500 income for each dependent person in your household.

If this sounds like it might apply to you, phone us to make an appointment with one of our friendly customer services team and find out how much you can save today.

If you have arrears on your rates bill, our customer services team can help sort that out too.
