

Waihi to Waikino section of the Hauraki Rail Trail

This section of the Rail Trail is on the road to recovery after receiving a right royal soaking over Queen's Birthday Weekend. We've resurfaced many areas, but we've still got some work to do smoothing out some of the lumps and bumps.

Hauraki Rail Trail General Manager Diane Drummond says the ground is still too wet to access some areas in need of resurfacing. "The weather Gods have not been kind. We're really keen to get this section back up to standard as soon as possible, but we just have to be patient and wait for the ground to dry out some more," she said.

Ready to roll, but please ride carefully
