TREASURY POLICY

Background

The Treasury Policy incorporates the Investment and Borrowing Policies. The Investment Policy sets the parameters within investment activity can occur approved organisations for investments, and the type of approved investment vehicles. The mix of investments between current and non-current is determined according to Council's working capital needs. The purpose of the borrowing policy is to ensure that Council's debt and its associated risks are maintained at prudent levels. It sets the parameters within which debt may be raised and the types of debt instruments available. Refer to the Annual Plan for an outline of the policy.

Overall Results

There have been no significant variations or material departures from the Council's Borrowing and Investment Policy.

AUDIT REPORT
TO THE READERS OF
HAURAKI DISTRICT COUNCIL'S
FINANCIAL STATEMENTS AND PERFORMANCE INFORMATION
FOR THE YEAR ENDED 30 JUNE 2007

The Auditor-General is the auditor of Hauraki District Council (the District Council). The Auditor-General has appointed me, B H Halford, using the staff and resources of Audit New Zealand, to carry out an audit on his behalf. The audit covers the District Council's compliance with the requirements of Schedule 10 of the Local Government Act 2002 that apply to the annual report of the District Council for the year ended 30 June 2007, including the financial statements.

Unqualified Opinion

In our opinion:

- The financial statements of the District Council on pages 10 to 158:
 - comply with generally accepted accounting practice in New Zealand; and
 - fairly reflect:
 - the the District Council's financial position as at 30 June 2007; and
 - the results of its operations and cash flows for the year ended on that date.
- The service provision information of the District Council on pages 10 to 108 fairly reflects the levels of service provision as measured against the intended levels of service provision adopted, as well as the reasons for any significant variances, for the year ended on that date; and
- The Council has complied with the other requirements of Schedule 10 of the Local Government Act 2002 that apply to the annual report (the "other requirements").

The audit was completed on 31 October 2007, and is the date at which our opinion is expressed.

The basis of our opinion is explained below. In addition, we outline the responsibilities of the Council and the Auditor, and explain our independence.

Basis of Opinion

We carried out the audit in accordance with the Auditor-General's Auditing Standards, which incorporate the New Zealand Auditing Standards.

We planned and performed the audit to obtain all the information and explanations we considered necessary in order to obtain reasonable assurance that the financial statements, performance information and the other requirements did not have material misstatements, whether caused by fraud or error.

Material misstatements are differences or omissions of amounts and disclosures that would affect a reader's overall understanding of the financial statements, performance information and the other requirements. If we had found material misstatements that were not corrected, we would have referred to them in our opinion.

The audit involved performing procedures to test the information presented in the financial statements, performance information and the other requirements. We assessed the results of those procedures in forming our opinion.

Audit procedures generally include:

- determining whether significant financial and management controls are working and can be relied on to produce complete and accurate data;
- verifying samples of transactions and account balances;
- performing analyses to identify anomalies in the reported data;
- reviewing significant estimates and judgements made by the Council;
- confirming year-end balances;
- determining whether accounting policies are appropriate and consistently applied; and
- determining whether all required disclosures are adequate.

We did not examine every transaction, nor do we guarantee complete accuracy of the financial statements, performance information and the other requirements.

We evaluated the overall adequacy of the presentation of information in the financial statements, performance information and the other requirements. We obtained all the information and explanations we required to support our opinion above.

Responsibilities of the Council and the Auditor

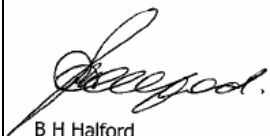

The Council is responsible for preparing financial statements in accordance with generally accepted accounting practice in New Zealand. Those financial statements must fairly reflect the financial position of the District Council as at 30 June 2007. They must also fairly reflect the results of its operations and cash flows and the levels of service provision for the year ended on that date. The Council is also responsible for meeting the other requirements of Schedule 10 and including that information in the annual report. The Council's responsibilities arise from Section 98 and Schedule 10 of the Local Government Act 2002.

We are responsible for expressing an independent opinion on the financial statements, performance information and the other requirements and reporting that opinion to you. This responsibility arises from section 15 of the Public Audit Act 2001 and section 99 of the Local Government Act 2002.

Independence

When carrying out the audit we followed the independence requirements of the Auditor-General, which incorporate the independence requirements of the Institute of Chartered Accountants of New Zealand.

Other than the audit, we have no relationship with or interests in the District Council.
