HAURAKI DISTRICT COUNCIL

To whom it may concern,

We are the Golden Steps Trust that is an organization that has been working throughout the Waihi area for just over a year helping children participate in extra curricular activities. The trust has been put together by a group of volunteers whom all see the importance for all children to be able to participate in sports no matter their financial situation. Our aim is to help as many children/youth here in Waihi to be able to join in with sports activities; for example, Rugby, Netball, Hockey, Swimming etc.

Often families cannot afford the fees and gear that is needed for their children to participate in sports. Our request to your organization is if there is any chance that you could donate some money towards our trust. Any donation would be greatly appreciated and we can use this to benefit the children. For example \$500 would help 5 or more children and a \$1000 would help 10 or more just depending on their chosen activity.

The money from donations goes straight to the non-profit organization we support and to the local stores for sportswear. We help families anywhere we can with either fees and /or gear. We know that families often struggle with more than one of their children wanting to play sport and we are convinced that no child should miss out on experiencing sports and extra curricular activities.

This winter season we have helped many children around Waihi and with the summer season approaching we are expecting quite a few requests for fees and/or gear. Hopefully you will be able to help us help these children and we look forward to hearing from you soon.

Kindest Regards,

Annemiek Langeveld
