

**Resource Consent:** AUTH139551,.72.01

**Consent type:** Discharge Permit

**Consent subtype:** Discharge to Water

**Activity authorised:** To temporarily discharge groundwater, diverted during the construction of the pit lake outlet, to the Mangatoetoe Stream

**Location:** Waihi

**Lapse Period:** Five years from the date of commencement

**Spatial Reference:** NZTM 1851702 E 5858472 N

**Consent Duration:** This consent shall:

- i) commence 20 years from the date of grant unless the consent holder has by notification to the Waikato Regional Council nominated an earlier commencement date; and
- ii) expire 10 years from the date of commencement.

**Subject to the following conditions:**

## CONDITIONS

### GENERAL

- 1 The activities to which this consent relates shall be generally undertaken in accordance with "Project Martha: Applications for Resource Consents and Assessment of Environmental Effects" and associated appendices dated 25 May 2018 and recorded as document number 12546836 on the Waikato Regional Council's document management system, and as identified in the resource consent conditions below which shall prevail in the event of any inconsistency between the aforementioned documentation and the conditions.
- 2 The consent holder shall notify the Waikato Regional Council in writing at least 10 working days in advance of the first exercise of this consent.

### SCHEDULE ONE

- 3 The consent holder shall comply with the common conditions between the Waikato Regional Council and Hauraki District Council in Schedule One ~~as relevant~~ ~~which relate~~ to the management of the mining and rehabilitation activities authorised by this consent.
- 4 The consent holder shall provide the Waikato Regional Council with an 'Erosion and Sediment Control Plan' (ESCP) at least 10 working days prior to the commencement of works authorised by this consent. The objective of the ESCP shall be to minimise sediment discharge from the site to the extent practicable over the earthworks period. The ESCP shall as a minimum be based upon and incorporate those specific principles and practices which are appropriate for the activity authorised by this consent and contained within the Waikato Regional Council document titled "Erosion and Sediment Control - Guidelines for Soil Disturbing Activities" (Technical Report No. 2009/02 - dated January 2009).
- 5 The ESCP shall be approved in writing by the Waikato Regional Council acting in a technical certification capacity prior to any works authorised by this consent commencing, and the consent holder shall undertake all works authorised by this consent in accordance with the approved ESCP.
- 6 All activities authorised by this consent shall be undertaken in such a manner to ensure that dust emissions are kept to a practicable minimum and in accordance with the provisions of Waikato Regional Council resource consent 124859 and the Air Quality Management Plan.

### NOTIFICATION – NES REQUIREMENT

- 7 The consent holder shall as soon as reasonably practicable notify the Hauraki District Council, Matamata Piako District Council and the Waikato Regional Council of an event that may in itself, or as a consequence of an event, have a significant adverse effect on the quality of the water within the Ohinemuri River and Waihou River at the abstraction point of the Paeroa Water Supply, Kerepehi Water Supply and / or Te Aroha Water Supply. The consent holder shall record the reasons why the situation occurred, the actions taken by the consent holder and an assessment of what measures can be adopted in the future to minimise such occurrences, and upon written request from the Waikato Regional Council provide a report to the Council and the Medical Officer of Health addressing this matter.

### ADMINISTRATIVE CHARGES

- 8 The consent holder shall pay to the Waikato Regional Council any administrative charge fixed in accordance with Section 36 of the Resource Management Act 1991, or any charge prescribed in accordance with regulations made under Section 360 of that Act.

## REVIEW OF CONDITIONS

- 9 Pursuant to Section 128(1)(a)(i) and (iii) of the Act, the Waikato Regional Council may, 12 months from the commencement of this consent and annually thereafter, or on receipt of any of the reports required by this consent, review any or all of the conditions of this consent for the following purposes:
- (a) To review the effectiveness of the conditions of this resource consent in avoiding, remedying or mitigating any adverse effects on the environment that may arise from the exercise of this consent, and if necessary to avoid, remedy or mitigate such effects by way of further or amended conditions. In deciding to undertake a review and where further or amended conditions are deemed necessary, the Waikato Regional Council shall have regard to all of the information contained in the reports required under the conditions of this consent;
  - (b) To address any adverse effects on the environment which have arisen as a result of the exercise of this consent that were not anticipated at the time of commencement of this consent; or
  - (c) To review the adequacy of, and the necessity for, any of the monitoring programmes or management plans that are part of the conditions of this consent.
- 10 Pursuant to Section 128(1)(a)(i) and (iii) of the Act, the Waikato Regional Council may review Conditions 40 to 45 in Schedule One of this consent following any change made to the Trust Deed referred to in Condition 40 of Schedule One.

Dated at Hamilton this **x** day of **Month** 2018
