Floor plans of proposed building or buildings to be used. Please clearly show the use of each area. Engineering design plans for any water, wastewater and stormwater. Only concept engineering plans are required at this stage. Volume of any earthworks. This must include area and volume of soil removed/imported and depth of cut/fill Details of Hazardous Activities and Industries (HAIL) List activity. If you are unsure whether your site is on the HAIL list please contact Council for assistance. An assessment of effects (AEE) of the activity. An AEE is an essential part of your application. If an AEE is not provided Council is unlikely to accept your

Information Checklist for Resource Consent Application

application.

The AEE should discuss all the actual and potential effects of your proposed activity on the environment. Schedule 4 of the RMA outlines all of the matters that must be addressed in your AEE. The amount of detail provided must reflect the scale and significance of the effects that the activity may have on the environment. For example, if there are major effects arising from the proposal, a detailed analysis and discussion of these

For example, if there are major effects arising from the proposal, a detailed analysis and discussion of these effects must be included in the AEE. It may require the provision of information from specific experts (e.g. a traffic engineer). If the effects of the proposal are very minor, then a less detailed AEE can be submitted.

The Council has information available to assist you prepare the AEE – please contact us if you have any questions.

An ass	sessment of the activity against Part 2 of the Resource Management Act 1991.
will nee	plication must include an assessment of the activity against the matters in Part 2 of the RMA. This d to address section 5 'Purpose', section 6 'Matters of national importance', section 7 'Other matters' etion 8 'Treaty of Waitangi'.
	sessment of the activity against any relevant objectives, policies or rules in the t Plan.
An ass	essment of the activity against any relevant provisions of a:
	National Environmental Standard
•	National Policy Statement
•	Regional Policy Statement
	Regional Plan
A desc	ription of any part of the activity that is permitted under the District Plan.
activity	mitted activity is part of the proposal to which the application relates, a description of the permitted that demonstrates it complies with the relevant requirements and conditions for that permitted activity resource consent not required for that activity).
Any w	ritten approvals including details of those sought but not obtained.
Please	include any signed written approval forms and signed plans if acquired.
Specia	list reports to support your application.
This ma	y include Traffic Impact Studies, Landscape and Planting Plans, Acoustic Design Certificates etc.
	and outcome of any consultation undertaken with adjacent land owners and ers, and relevant bodies.
	mple, the Regional Council, Heritage New Zealand Pouhere Taonga, Transpower, KiwiRail, NZTA, nent of Conservation etc.
Details	of any consultation undertaken with iwi.
-	re unsure whether your proposal may affect matters of interest to iwi, or who the relevant iwi groups e, please discuss this with Council prior to lodgement.
Inform	ation required for subdivision consents.
Please	attach information sufficient to adequately define:
•	The position of all new boundaries.
•	The areas of all new allotments, unless the subdivision involves a cross lease, company lease, or unit plan.
•	The locations and areas of new reserves to be created, including any esplanade reserves and esplanade strips.
•	The locations and areas of any existing esplanade reserves, esplanade strips, and access strips.
•	The locations and areas of any part of the bed of a river or lake to be vested in a territorial authority under section 237A:
•	The locations and areas of any land within the coastal marine area (which is to become part of the common marine and coastal area under section 237A):
	The leasting and group of land to be not existed as your reads
•	The locations and areas of land to be set aside as new roads.
