Waihi Busy Thoroughfares for Earthquake-prone Buildings

Hauraki District Council does not guarantee that this map is without flaw of any kind and disclaims all liability for any errors, loss or other consequences which may arise from relying on any information depicted. The Digital Cadastre Layers are produced and maintained by Land Information New Zealand (LINZ) and is a component of the digital cadastral dataset available from LINZ. Accuracy, particularly in non survey-accurate areas, can be variable. The spatial accuracy of an object is better where the object's position has been determined by using either surveyed bearings & distances captured from survey plans or adjusted survey data.
