Resource Consent Schedule F

Resource Consent: 121827

File Number: 60 41 05A

Pursuant to the Resource Management Act 1991, the Waikato Regional Council hereby grants consent to:

Hauraki District Council
PO Box 17
Paeroa 3640

(hereinafter referred to as the Consent Holder)

Consent Type: Water permit

Consent Subtype: Surface water take and use

Activity authorised: Take and use water from a tributary of the Mangakara Stream for domestic and municipal water supply purposes

Location: Mangakara Stream Tributary

Spatial Reference: NZTM 1844221 E 5857848 N

Consent Duration: Granted for a period expiring on the sixth anniversary of the date of commencement

Subject to the conditions overleaf:

General Conditions

1. The consent holder shall undertake the activity authorised by this consent:
 - (a) In general accordance with the documentation submitted to the Waikato Regional Council as part of the application (as recorded on the Waikato Regional Council's document recording system number 1772358 and 1968892); and
 - (b) In accordance with the conditions of this consent.

In the event of any conflict between the application documentation and the conditions of this consent, then the conditions shall prevail.

2. The consent holder shall be responsible for all sub-contracted operations related to the exercise of this consent, and must ensure sub-contractors are made aware of the conditions of this consent.
3. The consent holder shall pay to the Waikato Regional Council any administrative charge fixed in accordance with section 36 of the Resource Management Act 1991, or any charge prescribed in accordance with regulations made under section 360 of the Resource Management Act 1991.

Intake Conditions

4. The consent holder shall ensure that the velocity of water through the intake screen does not exceed 0.3 metres per second under normal operating conditions. If requested by the Waikato Regional Council in writing, the consent holder shall provide data and/or information that this velocity requirement is achieved.
5. The intake shall be screened with a mesh aperture size not exceeding 3 millimetres by 3 millimetres.

Water Take Rates

6. Except as provided for by condition 7 the maximum volume of water authorised to be taken under this consent shall not exceed 250 cubic metres in any 24 hour period.
7. On and following the 25th day of the eleventh month after the fifth anniversary of the commencement date of this consent, the maximum volume of water taken under this consent shall not exceed 20 cubic metres in any 24 hour period,

Water Measuring System

8. The consent holder shall record the quantity of water taken from the Mangakara Stream tributary on a cumulative basis.
9. The accuracy of the water measuring system shall be assessed by 30 August 2012. The assessment shall be undertaken by an independent, qualified person and evidence documenting the assessment shall be forwarded to the Waikato Regional by 30 September 2012.

Records

10. The consent holder shall provide to the Waikato Regional Council, via electronic means, the daily volume taken; the maximum daily abstraction rate; and the average daily abstraction rate at the following frequency;
 - (a) Except as provided for by 10 b) below monthly (monthly data to be submitted on or before the final day of the following month);
 - (b) Weekly when a flow of 1.6 cubic metres per second or less, is recorded within the Ohinemuri River at the Waikato Regional Council's recorder site at

Karangahake (weekly data to be submitted on or before the final day of the following week);

The consent holder shall ensure that no more than 2 percent of any of the records required in accordance with this condition are missing on an annual basis.

Annual Volume

11. The maximum annual volume authorised to be taken shall not exceed 55,000 cubic metres.

Note: For the purposes of this consent, annual refers to the 12 month period 1 July to 30 June of the following year.

Location of Measuring Device

12. For the duration of this consent the consent holder is authorised to take water records at the Waikino Water Treatment Plant.

Note: This approval may be revoked at any time if in the opinion of the Waikato Regional Council, the approval was granted on the basis of incorrect information.

Water Shortage Conditions

13. By 31 December 2012 the consent holder shall provide to the Waikato Regional Council for its approval (in a certifying capacity) a Water Management Plan detailing the following:
- i. Number of users on the supply;
 - ii. Nature of each user (e.g. rural, lifestyle, domestic); and
 - iii. Water restrictions on users of this supply that shall be implemented when condition 13 applies.

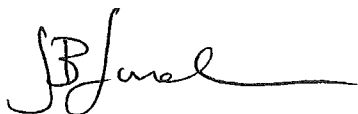

The consent holder shall carry out its water supply operations in general accordance with the approved Water Management Plan or any subsequent updated version of this document as provided for by condition 15 of this consent

14. When a flow of 1.6 cubic metres per second or less, is recorded within the Ohinemuri River at the Waikato Regional Council's recorder site at Karangahake, the consent holder shall initiate measures seeking to reduce the daily take rate by 15% of the authorised volume.

Water Management Plan

15. The consent holder may update the Water Management Plan at any time and submit it to the Waikato Regional Council for approval (in a certifying capacity).
16. Approval by the Waikato Regional Council of any updated Water Management Plan shall be limited to an assessment of whether:
- (a) The plan complies with the information requirements of Part 8.1.2.2 (Water Management Plans) of Regional Plan Variation 6 to the Waikato Regional Plan; and
 - (b) The plan is consistent with the conditions of this consent.
17. The consent holder shall provide to the Waikato Regional Council a letter by 30th September each year which details the progress of the long term strategy for water supply to the Waihi and Waikino Communities.

*For and on behalf of the
Waikato Regional Council*

Advice notes

1. This resource consent does not give any right of access over private or public property. Arrangements for access must be made between the consent holder and the property owner.
2. This resource consent is transferable to another owner or occupier of the land concerned, upon application, on the same conditions and for the same use as originally granted (s.134-137 RMA).
3. The consent holder may apply to change the conditions of the resource consent under s.127 RMA.
4. The reasonable costs incurred by Waikato Regional Council arising from supervision and monitoring of this/these consents will be charged to the consent holder. This may include but not be limited to routine inspection of the site by Waikato Regional Council officers or agents, liaison with the consent holder, responding to complaints or enquiries relating to the site, and review and assessment of compliance with the conditions of consents.
5. Note that pursuant to s333 of the RMA 1991, enforcement officers may at all reasonable times go onto the property that is the subject of this consent, for the purpose of carrying out inspections, surveys, investigations, tests, measurements or taking samples.
6. If you intend to replace this consent upon its expiry, please note that an application for a new consent made at least 6 months prior to this consent's expiry gives you the right to continue exercising this consent after it expires in the event that your application is not processed prior to this consent's expiry.
